# THE SOCIAL STRUCTURE

#### ARTICLE 1

The Union of Soviet Socialist Republics is a socialist state of workers and peasants.

#### ARTICLE 2

The political foundation of the U.S.S.R. is the Soviets of Working People's Deputies, which grew and became strong as a result of the overthrow of the power of the landowners and capitalists and the attainment of the dictatorship of the proletariat.

#### ARTICLE 3

All power in the U.S.S.R. is vested in the working people of town and country

as represented by the Soviets of Working People's Deputies.

#### ARTICLE 4

The economic foundation of the U.S.S.R. is the socialist system of economy and the socialist ownership of the instruments and means of production, firmly established as a result of abolishing the capitalist system of economy, the private ownership of the instruments and means of production, and the exploitation of man by man.

#### ARTICLE 5

Socialist property in the U.S.S.R. exists either in the form of state property (belonging to the whole people) or in the form of co-operative and collective-farm property (the property of collective farms or co-operative societies).

#### ARTICLE 6

The land, its mineral wealth, waters, forests, the factories and mines, rail,

water and air transport facilities, the banks, means of communication, large state-organised agricultural enterprises (state farms, machine and tractor stations, etc.), as well as municipal enterprises and the bulk of the dwelling-houses in the cities and industrial localities, are state property, that is, belong to the whole people.

#### ARTICLE 7

The enterprises of the collective farms and co-operative organisations, with their livestock, buildings, implements, and output, are the common, socialist property of the collective farms and co-operative organisations.

Every collective-farm household, in addition to its basic income from the collective farm, has for its own use a small plot of land attached to the house and, as its own property, a dwelling-house, livestock, poultry, and minor agricultural implements—in conformity with the Rules of the Agricultural Artel.

#### ARTICLE 8

The land occupied by the collective farms is made over to them for their free use for an unlimited time, that is, in perpetuity.

#### ARTICLE 9

In addition to the socialist system of economy, which is the predominant form of economy in the U.S.S.R., the law permits the small private undertakings of individual peasants and handicraftsmen based on their own labour and precluding the exploitation of the labour of others.

#### ARTICLE 10

The right of citizens to own, as their personal property, income and savings derived from work, to own a dwelling-house and a supplementary husbandry, articles of household and articles of personal use and convenience, is protected by law, as is also the right of citizens to inherit personal property.

#### ARTICLE 11

The economic life of the U.S.S.R. is determined and guided by the state economic plan for the purpose of increasing the wealth of society, steadily raising the material and cultural standards of the working people and strengthening the independence of the U.S.S.R. and its defence potential.

#### ARTICLE 12

Work in the U.S.S.R. is a duty and a matter of honour for every able-bodied citizen, in accordance with the principle: "He who does not work, neither shall he eat."

The principle applied in the U.S.S.R. is that of socialism: "From each according to his ability, to each according to his work."
