Preliminary agenda of the meeting of the Operational Bureau of the Council of People's Commissars of the USSR chaired by Molotov (September 20 at 16:00 *

* The decision to form two Operational Bureaus of the Council of People's Commissars of the USSR under the chairmanship of V. M. Molotov and L. P. Beria was made on September 6, 1945 (see document No. 2). The minutes of the meetings of the Operational Bureau of the Council of People's Commissars under the chairmanship of Beria for 1945 have not been found, therefore only preliminary agendas of the meetings of this bureau for 1945, deposited in the Russian State Archive of Archives ...

Commissars and the Council of Ministers of the USSR, 1945-1948, are published based on a copy deposited in the collection of the Central Statistical Bureau of the USSR (RGAE. F. 1562. Op. 329. D. 1483, 1484, 1919, 1920, 2279, 2680, 2681). The actual dates of the meetings in many cases do not coincide with the dates indicated in these agendas, since the agendas were preliminary in nature and were sent to the Central Statistical Bureau some time before the meeting in order to prepare information on the issues submitted for consideration by the Bureau. For the same reason, the number of issues indicated in the preliminary agendas was, as a rule, significantly smaller than those actually considered at the meetings of the Bureau. Many issues could be submitted for consideration by the Bureau at the last moment, on an operational basis. In addition, it is quite possible that the CSB was not sent complete agendas of the meetings, but only those items for which preliminary information from the CSB was required. However, even taking into account their significant incompleteness, the published materials provide an idea of the work of the leading groups in the government and are an important source, partly replacing the inaccessible minutes.
